'Open House' Set Next Week

Vast Program Completed By Mackintosh-Hemphill

The Mackintosh-Hemphill Division of the E. W. Bliss Co. today announced completion of a \$2 million expansion and modernization program at its Midland plant.

The company plans to unveil the new facilities during "Open House" programs next Wednesday, Thursday and May 17.

New equipment and facilities added to the Midland plant include two 65-inch contour lathes, a sandlinger, an Ingersoll milling machine, new casting pits, a new shot blast unit and two additional annealing furnaces with automatic controls. A 75-ton crane is yet to be installed.

THE EXPANSION and modernization project has added approximately 300 tons capacity in cast steel rolls per month.

In announcing the open house, Edward P. Sandbach, vice president and division manager said, "This sizeable investment on the part of the E. W. Bliss Com-

pany is indicative of our intention of continuing to grow with the Midland community."

On Wednesday officials and community leaders will join with Bliss officials in touring the plant.

After the tour a luncheon will be held at the Willows Motel. Bliss officials will outline their plans for the future growth of the Midland facility. Expected to attend the luncheon are Carl E. Anderson, chairman and president of Bliss, Charles E. Peterson, executive vice president and George Baillie Jr., vice president - heavy equipment divisions of which Mack-Hemp is a part.

ON THURSDAY the plant will be open for employees, retirees and their families from 10 a.m. to 3 p.m. and from 5 to 9 p.m. Supervisors in the various departments will be available to explain the operations and answer questions.

The invitation is open to all

employees and their families and includes those in Pittsburgh.

After the tour, refreshments will be served and each guest attending the open house will receive a color brochure and a favor to commemorate the visit.

ON FRIDAY, the plant will be open to clubs and other organizations of Midland for group tours. The hours for these visits will be the same as that for employees and their families - 10 a.m. to 3 p.m. and 5 to 9 p.m.

The Junior and Senior Classes at Midland High School are expected to visit the plant on Friday.

The tours will start at the gate house where visitors will be greeted and furnished maps of the tour route.

The tour will include the gate house, general offices, the new

7th F111 Jet Crashes, Both Pilots Safe

LAS VEGAS, Nev. (AP) — A seventh F111A fighter-bomber, the \$5-million swing-wing jet developed from the controversial TFX program, has crashed.

Both pilots parachuted safely as the camouflaged plane carrying secret combat gear plunged into the desert Wednesday and was demolished.

The Air Force described the flight as a routine training mission and released no details of the crash 60 miles north of Las Vegas.

The plane was similar to three lost recently in Vietnam.

It was the eighth plane lost of two types developed from the TFX, the tactical fighter experimental program pushed by Robert S. McNamara when he was secretary of the defense. McNamara said he aimed at incorporating a common basic design for both the Air Force and Navy.

In 1967 a Navy version of the plane, designated F111B, crashed during a test program at Long Island, N.Y., killing two civilian test pilots.

Long, Tough Peace Talks Seen By U.S.

Recalls It Took 2 Years Bargaining To End Korea War

By STEPHENS BROENING

Associated Press Writer

PARIS (AP) — U.S. officials today predicted long, hard bargaining with the North Vietnamese as American negotiators headed for the French capital with a mandate from President Johnson to sound out Hanoi's representatives on peace prospects.

An atmosphere of hope in Washington was tempered by the recollection that it took two years of tough bargaining with the Communists to end the Korean war.

No one cared to predict how long the Paris talks would last. But the big question in American minds was whether the Communists really want a peace settlement or planned to use the talks only to press for a bombing halt and other advantages for their military campaign in South Vietnam.

W. Averell Harriman, President Johnson's envoy, and his chief aides were scheduled to arrive tonight from Washington.

Xuan Thuy, the chief North Vietnamese negotiator, came by way of Peking and Moscow.

The first meeting between Harriman and Thuy was scheduled Friday in the former Majestic Hotel near the Arc de Triomphe.

U.S. officials expressed interest in French Foreign Minister Maurice Couve de Murville's speculation that the U.S. and North Vietnamese negotiators might move on to broad talks on ending the war as well as the scheduled preliminary discussions on the question of halting U.S. bombing of the North.

American officials said they did not know whether Hanoi had asked the French government to convey this view of the talks to the West.

U.S. authorities have made plain that Harriman would seek a military restraint by North Vietnam in return for what Hanoi lists as its priority topic: "The unconditional cessation of the U.S. bombing raids and all other acts of war against the Democratic Republic of Vietnam."

French diplomats in contact with North Vietnamese officials say Hanoi is confident that it will be able to attain its prime objective in the talks—the evacuation of U.S. troops from South Vietnam.

Probe Opens In Death Of Area Soldier

Authorities at Watertown, N.Y., are investigating a possible homicide the death of a 21-year-old East Palestine soldier who died Tuesday of pneumonia following a head injury.

Pvt. Darryl Morris, recently assigned to Camp Drum near Watertown, died at Mercy Hospital.

District Atty. William McClusky said Morris had given conflicting accounts of the injury aspect, first that he had been punched and later that he had fallen.

Morris, son of Mr. and Mrs. Clem M. Morris of Township Rd. 1020 and husband of Mrs. Ann Kovach Morris, had been in the service 2½ years.

He had been re-assigned recently from Ft. Eustis, Va.

McClusky said a group of soldiers took Morris into a night club in suburban Glen Park early Friday and asked the bartender for tissues to stop Morris' bleeding.

The district attorney said the

But Tie It To \$6 Billion Spending Cut

House-Senate Conferees Approve 10% Surcharge

WASHINGTON (AP) — Senate-House conferees have agreed to President Johnson's 10 per cent income tax surcharge but tied it to a \$6 billion spending cut he has said is against the national interest.

The conferees said Wednesday they had accepted these two key points which the Senate approved more than a month ago.

Rep. Wilbur D. Mills, D-Ark., chairman of the conferees as well as of the House Ways and Means Committee, voiced hope the group could complete work on any other amendments to the bill at a final session today.

The income-tax increase is the 10 per cent surcharge proposal applying to both individuals and corporations which the administration has been pushing since last August.

It would yield \$10 billion on a yearly basis. It would last 15 months for individuals, from April 1 this year to June 30, 1969, and 18 months for corporations, retroactive from Jan. 1 this year to mid-1969.

About 17 million low-income taxpayers would be exempt.

The \$6 billion spending reduction proposal has drawn heavy fire from Johnson and other administration officials.

The President told a news conference last Thursday that to go beyond a \$4 billion cut in expenditures for the next year "would injure the national interest."

Sen. John J. Williams, R-Del., a principal author of the package Senate amendment which included the tax boost and spending cut, said the conference action was "a fine victory."

Exempted from the spending cut would be funds for the Vietnam war, Social Security, veterans' payments and interest on the national debt.

10 Deeper In Shaft Presumed Dead

Rescue Workers 600 Feet From 15 Trapped Miners

HOMINY FALLS, W.Va. (AP)

—After a frantic night of rumors and false alarms that rescue of 15 of 25 trapped miners was imminent, rescue workers reported today that they were within about 600 feet of the miners.

H. E. Sundstrom, director of the rescue operations, said the water level in the mine had receded enough to enable foreman Frank Davis and Bob Rudd—who had been marooned at another location—to rejoin a group of 13 other miners one-half mile closer to the entrance if they wished. A group of 10, deeper in the mine, is presumed dead.

The group of 13 men was located about a mile inside the tunnel, where they were trapped Monday noon when water cascaded through the entire mine after a wall to an adjacent abandoned, and flooded, mine was pierced.

However, Sundstrom said

Davis and Rudd had chosen not to rejoin the others immediately, explaining that they were "warm, dry and comfortable" where they were.

Davis was quoted as saying he and Rudd did not want to expend the energy until rescue appeared imminent, when they planned to "head for the outside."

Home Hit By Blaze

EAST PALESTINE—Flames, believed to have been caused by children playing with matches, caused an estimated \$4,000 damage at the home of Mr. and Mrs. Kenneth Parker of 132 Garfield Ave. Wednesday about noon. Twenty firemen were at the home 1½ hours, confining the blaze to an upstairs storage room and bedroom.

UAW's Votes Being Wooed By Kennedy

ATLANTIC CITY, N.J. (AP)

—Sen. Robert F. Kennedy, D-N.Y., was vote-hunting today among United Auto Workers, whose help Vice President Hubert H. Humphrey asked for Wednesday in his campaign for the Democratic presidential nomination against Kennedy and Sen. Eugene J. McCarthy, D-Minn.

Humphrey scarcely had left convention hall before "We want Kennedy" placards and banners began replacing those proclaiming "We Want HHH."

Kennedy speaks today. McCarthy and two Republican candidates for nomination, former Vice President Richard M. Nixon and Gov. Nelson A. Rockefeller of New York, reported they had been unable to work acceptances of UAW invitations into their schedules.

I would like to thank all my loyal friends and supporters for their help on the May 7th election. John E. Donnelly for State Representative.—Pol. Ad.

2,540 Reds Killed Since Raid Began

50,000 Civilians Homeless As New Fears Sweep City

BULLETIN

SAIGON (AP) — The enemy struck hard at Saigon from three sides today but a U.S. spokesman said American forces had smashed a Viet Cong drive to push into the capital from the south and east.

By GEORGE ESPER

Associated Press Writer

SAIGON (AP) — The Viet Cong hit hard at Saigon from three sides today on the eve of the Paris peace talks, pushing closer to the center of the South Vietnamese capital than at any time since the start of the five-day-old Communist offensive.

The U.S. Command announced 2,540 enemy soldiers have been killed since the assault began last Sunday.

Thousands of anguished, frightened civilians streamed into the center of the city, swelling the ranks of the homeless to more than 50,000.

The toll of civilian dead and wounded mounted to more than 2,000.

It was Saigon's worst day since Sunday, and new fears swept the city. Jets roared across the heart of the city, and moments later the thud of 500-pound bombs was heard. They shook the downtown section.

Blocks of Saigon's southern and eastern sections were destroyed under the pounding of U.S. and South Vietnamese dive-bombers and helicopter gunships. Some houses were set afire by the Viet Cong to cover their movements.

The U.S. Command called in hundreds more infantrymen, tanks and helicopter gunships to meet the Viet Cong drive, which late Wednesday had appeared to be tapering off. There were reports, however, that the Viet Cong had brought up reinforcements through the night, covering their infiltration with diversionary shelling at other points.

Despite the U.S. claim that American and South Vietnamese soldiers were killing 10 of the enemy for every American or South Vietnamese soldier slain in the Saigon fighting, the Viet Cong had plenty of punch left.

Monaca Man Wounds Wife And Kills Self

A 46-year-old Monaca area woman was wounded critically by five shots fired Wednesday night by her estranged husband, who then shot himself in the head in an apparent attempted murder-suicide.

Mrs. Elizabeth Andresky of 151 Pleasant Dr., Center Township, was in "critical" condition at University-Presbyterian Hospital at Pittsburgh.

Dead is her husband, Stanley Andresky Sr., 50, of the Monaca Hotel.

Authorities said Mrs. Andresky was shot by him as she stepped out of her car after returning home from work at an Aliquippa bakery at 9:30 p.m. Their five children — aged 8 to 22 — were in the house when the shooting started.

Officers said he was waiting for her behind the house and as she got out of the car he shot her once in the forehead, in the neck, in the left shoulder, in the left upper arm and in the left hand with a snub-nosed .38 caliber revolver. Then he turned the gun on himself.

Police did not receive notice of the shootings until 10 p.m. because a daughter, Brenda, was unable to place a proper call due to the telephone strike. When she dialed, she could only get a recording. She finally notified a neighbor, who obtained police help.

Bullet In Chest Proves Fatal

Sgt. Arthur Smith Dies Of Wounds In Viet Action

Marine Sgt. Arthur Smith, 20, of East Liverpool has died of wounds suffered in fighting around Thua Thien, Vietnam.

Sgt. Smith, ward of Mr. and Mrs. George D. Bennett of La-Croft, died Tuesday on the Hospital Ship Repose of a chest wound received Sunday when hit by a bullet while in a defensive post under hostile fire.

Sgt. Smith, who was interested in art and who was featured in a Review story in 1967 about his surrealistic paintings of combat, previously had been in Vietnam for 14 months.

A rocket launcher commander, he had been in Vietnam on his second tour of duty for about a month.

Sgt. Smith attended East Liverpool High School and enlisted in the Marines when he was 17. Since his return from his first tour of duty, he had been in Cuba for six months, had been home on leave, then was scheduled to go to Hawaii for 14 months, but was sent directly to Vietnam.

He would have been discharged in November.

He was born in East Liverpool July 6, 1947. His mother, Mrs. Beryl Smith, died in 1965. While in his first tour of duty, he was with a combat unit which was in action a large amount of the time, and many of his paintings were based on

the theme of death in combat. Besides his guardians, he is survived by his grandmother, Mrs. Ora Wright of Chester and a sister, Mrs. Linda Fitch of La-Croft.

The Arner Funeral Home will be in charge of arrangements.

Girl Injured In Area Fall

A Wellsville girl hurt in a fall down an embankment Wednesday was admitted to City Hospital, where nine others were treated Wednesday and today.

Darlene Reed, daughter of Leonard Reed of 1516 Clark Ave., Wellsville, is "satisfactory" with a possible concussion suffered in the fall near the river.

Delores Gallagher, daughter of Charles Gallagher of Lisbon RD 2, was treated early today for a laceration of the chin suffered in a fall from bed.

Treated Wednesday were Anthony LaNeve Jr., son of Anthony LaNeve of 1003 Grant St., Newell, a contusion of the back in a fall against a sandbox; Dale Carnes, of 5th Ave., La-Croft, abrasions of the right knee and contusions of the fingers in a fall from a bicycle.

Ronald Roush of 1039 Bradshaw Ave., an employee of the General Motors plant at Lordsburg, a right wrist injury in a fall at work; Robert Paul Blystone, son of Frank Blystone of 5th Ave., LaCroft, abrasions of the head, right eyelid, right shoulder and knees in a bicycle accident.

William Harris, son of Robert Harris of East Liverpool RD 1, a chin laceration in a fall on cement at school; David Lipp, step-son of Gene McCoy of 610 John St., a bruise of the head on a toy golf club.

Mary Jane Fusco, daughter of Frank Fusco of 1734 Commerce St., Wellsville, a fractured right arm in a fall from a picnic table in the yard at home; Robert Rudder of 1778 Chester Ave., Wellsville, an employee of H. K. Porter Co., a sprain of the right knee in a fall in a mine at work.

THE COMPANY was founded in 1907 under the name, "S. Jarvis Adams Company." The first general manager was T. J. Miller. Financial backing for the company was provided by Pittsburgh industrialists H. C. Fownes, W. C. Fownes Jr., Charles McKnight, and J. Ramsey Speer, who later served as president of McIntosh-Hemphill.

In 1912, the ownership changed and the company became the Pittsburgh Iron and Steel Foundries Company. In 1922, that company was merged with the McIntosh-Hemphill Company.

The E. W. Bliss Co. was started by Col. James Irwin, who was president of the Pittsburgh concern.

The firm employs approximately 380 workers, primarily from the Midland, East Liverpool and Wellsville area, and produces virtually the same products it did when it started, including steel rolls, castings, and housings.

The firm has made other improvements over the years but this is the largest capital investment.

The plant manager for Midland is James C. Coleman of Moon Township.

Mike McCormick of the San Francisco Giants broke into major league baseball at the age of 18. He won the Cy Young Award at the age of 29.

Housing Appeal Board Picks Ernest A. Lowe As Chairman

Ernest A. Lowe of Wedgewood St., former Council president, was elected chairman of the newly appointed housing appeal board at an organization meeting Wednesday night in Mayor George E. Willshaw's office.

Richard Carter was elected secretary of the five-man board appointed in April by the mayor to hear appeals from decisions of the city housing inspector in administering the city's new housing regulations.

The other members are Willis Standley, Glenn Wilson and Victor Lee Smith. The board expects to meet regularly once a month and to be available for special meetings when necessary, the mayor said.

Willshaw pointed out to the board that unfounded reports still are circulating about the alleged high cost of obtaining a building permit under the new housing ordinance, despite the fact that the original ordinance on fees was rescinded and another was enacted.

The reports claim that \$800 in fees and deposits would be required for a permit for an average \$15,000 home, Willshaw pointed out. Actually, a permit for a \$15,000 home would cost approximately \$35 under the ordinance as it stands now, he explained.

The original fee ordinance, now rescinded, was patterned after legislation in effect at Willoughby. That fee schedule requires several sizeable deposits that are returnable on completion of the project. Among other things they guarantee the city against damage to its property, such as street paving.

The actual cost of a permit under the original ordinance was set at \$96 to \$105, but those figures were considered too high

for East Liverpool. The mayor vetoed the original ordinance, under an agreement with Council, which paved the way for enactment of the new legislation with its much lower fees. Willoughby requires deposits from contractors because many home-builders who work in the community come there from other cities, Willshaw pointed out. That is not the case in East Liverpool and the city does not believe it must exact heavy deposits from builders, he said.

Open Heart Surgery On Soldier Delayed

SUMMITVILLE — Open heart surgery on Pfc. John (Mike) Pierson, son of Mr. and Mrs. John Pierson, has been postponed because of a cold received by the private while on a convalescent leave at home, his parents said today.

Pierson, who was wounded in Vietnam Feb. 24, will undergo surgery in two or three weeks, officials at Walter Reed General Hospital in Washington informed the parents.

Man Given Jail Term In Illegal Use Of Auto

Edward Hashman, 21, of RD 2 was given a 30-day County Jail term today by Municipal Judge Samuel M. Chertoff when he pleaded guilty to a charge of driving an auto without the owner's consent.

The affidavit was filed by Thomas C. Buckley of W. 7th St., who alleged Hashman drove his 1955 model car without his consent on April 19. Buckley told the court he turned over the keys to the auto so that Hashman "could use it to take a nap." Instead, he said, Hashman drove the car.

Senior investigator Joseph Burke of the state police said two unidentified companions later took Morris to a first-aid station at the military base and left him there.

Morris was treated and discharged, but was re-examined later that day and taken to the hospital. He lapsed into a coma Saturday.

Records indicated Morris had been receiving treatment for high blood pressure since arriving in this country from Vietnam in October. He had served in Vietnam and Thailand.

He had worked for the Royal China Co. at East Palestine and at a service station on the Ohio Turnpike. He was a member of the First Church of the Nazarene.

Besides his parents and wife, he is survived by a daughter, Paula Morris, at home; three brothers, Larry Morris, Gregory Morris and Roger Morris of East Palestine; a sister, Linda Morris of East Palestine; his grandparents, Mr. and Mrs. Joseph Hazelwood and Mr. and Mrs. Attila Morris of East Palestine.

'Fishers Of Men'

Just how cold and calculating politics, as a science, can be was made crystal clear in the Indiana primary.

The key indicator as to the type of campaign conducted by Sen. Robert Kennedy was this statement by one of his aides: "The politicians are going to have to decide who can move the people."

Another of his aides said: "To keep us going we've got to get the crowds. That's why we go to the college campuses."

THE KENNEDY "management" thus seems to believe that the politicians at the national Democratic convention and prior to that time, will feel compelled to choose, as their candidate, the presidential aspirant who can best "move" or stir up the emotions of the people.

The dictionary contains a word, the definition of which fits this type of calculating planning. The word is demagogue and its definition is: "One who tries to stir up people's emotions in order to accomplish selfish ends."

The Kennedy political credo seems to be not "Tell it like it is" but "Tell them what they want to hear."

One of the Kennedy advisers confided to a writer for the New York Times that: "We didn't know, for example, that the statement about replacing the welfare system with one that would give everyone jobs would draw such great response."

BUT, HAVING LEARNED that the crowds liked to hear this "pie in the sky" promise, the senator used this statement in almost every appearance during the next two weeks.

In observing the Kennedy campaign, one is reminded of the Biblical reference to "fishers of men." Indeed, by using the most attractive lures possible (jobs for everyone); going where

the human fish are schooled (college campuses), and spending huge sums of money (to buy the best "fishing" equipment) possible, Sen. Kennedy and his followers have become fishers of men.

If, by using all of these artifices, he can fill his political creel to overflowing, he will have achieved his objective, the goal he hungers for so desperately.

Telephone Sickness

There is a sickness in people who divert themselves by telephoning relatives of men in Vietnam and reporting them killed.

A number of such incidents have occurred in the East Liverpool area recently—one just Tuesday night and four last week.

A girlfriend of a 20-year-old soldier serving at Cam Ranh Bay was called by a man who said the serviceman had been shot and killed.

The girl called the mother of the youth at her job, and the mother, although suspicious of the report, became so ill she had to leave her work.

The local Army recruiter has begun an investigation of the incidents in an effort to bring official efforts to curb this despicable practice.

Relatives of men in the service should remember that the Defense Department policy is to advise families of the deaths of soldiers, sailors, Marines and airmen by personal notification in almost every case; occasionally a telegram may be delivered.

No normal person could stoop to cause such shock and heartbreak, and until the offenders are apprehended or recognize their own perversion, parents, wives, families and friends of those in uniform must steel themselves against such telephone calls.

Shocker At Northwestern

Perhaps some will say it was inevitable, but we still find it hard to believe Northwestern University officials have promised to provide separate housing and lounge facilities for Negro students.

The students who took over Northwestern's business office and presented segregation demands to university officials were Negroes. They were supported by some white students who took part in sympathy sit-ins.

James Turner, 26-year-old grad student from New York, who served as leader of the movement, called the result "a complete victory."

AMONG OTHER THINGS, the university promised to work toward making segregated living facilities available to Negroes and pledged to provide Negroes with their own lounge and meeting room.

The demands are surprising but even more startling is the fact that Northwestern officials agreed to meet them.

There are 124 Negroes in Northwestern's student body of 6,400. They have access to all facilities at the school as do white students.

Why set up other facilities that will be off limits to the more than 6,200 white students? Cannot discrimination work both ways?

At a time when this nation is in the throes of a struggle to achieve equality for all men, how

can such a policy be contemplated—let alone implemented?

It is more fuel for those who say the Negro really wants a policy of "equal but separate"; or who say the Negro doesn't really care about integration.

In 36 hours, a group of Negro students brought a university administration to its knees and did more harm to the civil rights movement than is calculable.

Northwestern is a private institution of higher learning but that does not mean its actions are exempt from outside comment.

It is a respected center of learning and what it does will have widespread ramifications in academic circles.

WHEN SO MANY have given so much for so long in the drive to win the hearts and mind of men to the cause of equality, any support for a program of segregation is difficult to understand. When that support comes from a prestigious intellectual institution its impact is considerably magnified.

Anyone having trouble deciding whether Northwestern's policy is right or wrong should think of it in this way: What would be the reaction if white students had been promised housing and a lounge barring Negro students?

Spell It Out

More than one politician on the national level has spoken up recently in advocacy of the idea that the United States should not get involved in "another Vietnam."

Now Richard Nixon has added his voice — to this effect:

"There should be diplomacy so that when the freedom of friendly nations is threatened by aggression, we help them fight the war and don't fight the war for them."

In this election year, when it behooves politicians to say what is popular, this may win them votes from the people who find it difficult to identify with the war in faraway Vietnam.

And the numbers of these could be substantial, for America, through the actions of its people, is coming to be known as a land where people don't want "to become involved."

The same type of thinking will cause a group of persons in New York to ignore a girl screaming for help while being assaulted by a rapist as will permit a small foreign nation to be ravaged by an aggressor nation.

How could the girl be helped without physically helping her?

How can a small nation be helped when it is too weak and too unprepared to save itself?

The politicians do not say how, other than "diplomatically" or "by giving them materiel."

The United Nations moves far too slowly and is much too weak. It also is too disunited.

The only way to have helped South Vietnam was to have done what was done, with all its tragic consequences.

Maybe there should be a diplomacy, as Mr. Nixon suggests, to handle the situation. But neither he, Sen. Kennedy or any of the other presidential candidates who are offering these feeble alternatives to the present course of action have spelled out how it can be done.

This 'n That

If it were not for the water vapor of the atmosphere and the clouds, the temperature of our earth would be at least 50 degrees hotter than it now is.

'Bobby Wants To Be A Pallbearer.'

The Mother Question

By Art Buchwald

WASHINGTON — With Mother's Day coming on Sunday, it seemed a good time to find out what the presidential candidates' policies were on motherhood in the United States.

I first checked at Hubert Humphrey headquarters:

"Vice President Hubert Humphrey supports the same motherhood policies of President Johnson," a Humphrey spokesman informed me. "Although there are no gassy solutions to motherhood, he will remind the voters that President Johnson has done more for mothers in the last administration than all the other 36 presidents put together."

Mothers now have better hospital benefits, educational facilities, welfare payments and Social Security advantages than ever before.

"UNDER THE Johnson-Humphrey administration, mothers are happier than ever and Humphrey believes that a happy mother is a good mother, a responsible mother and a mother who will thrive in a Great Society. He feels those candidates who would use the mother issue to divide America can only hurt the Democratic party."

I thanked him very much and went over to Bobby Kennedy headquarters, where I was turned over to the chairman of the Mothers for Kennedy, a subdivision of the Parents for Kennedy, which is a subdivision of the Families for Kennedy, which is under the Kennedys for Kennedy department.

"I think Bobby Kennedy's record on motherhood speaks for itself," said the chairman. "At the same time, the senator believes that a lot more must be done for mothers, not only for the rich mothers, but the underprivileged mothers and the disenfranchised mothers, and the mothers of twins and triplets as well as the mothers of farmers and factory workers and fruit pickers and college students. Did I leave anybody out?"

"YOU FORGOT the mothers of politicians."

"Yes, and mothers of businessmen, too. In order to give mothers everything they so richly deserve, it will take new, inspiring leadership. We cannot solve the problems of birth with the same old tired formulas of yesterday. If the senator is elected, he will give new dynamic leadership to the mother problem and close the gap between those mothers who have lots of children and those who have very few."

At Sen. McCarthy's headquarters, a spokesman said:

"Sen. McCarthy was the first one to speak out for mothers when he went as a lonely candidate into New Hampshire without money, friends or support. When McCarthy proved that President Johnson was vulnerable on the mother question, Bobby Kennedy tried to take the issue away from him. The Kennedy forces have been pouring in millions of dollars trying to win mothers away from McCarthy. But the college kids who have been supporting Sen. McCarthy are hep and they know it takes more than money to become a mother."

At Nixon headquarters, a Nixon volunteer said, "Richard Nixon believes there should be a moratorium declared by all candidates on motherhood at this time. The subject is too delicate to discuss while negotiations are going on."

"BEFORE SOLVING the problems of mothers, we have to get our financial house in order," he continued.

"We cannot make promises to mothers that we cannot keep. At the same time, Nixon believes more must be done for mothers, mainly through private enterprise."

At Gov. Rockefeller's headquarters, the receptionist said that Gov. Rockefeller was still working on a paper outlining his views on motherhood. She refused to say where the governor stood at this time, but indicated that Rockefeller would take a moderate approach somewhere between Nixon's hard line on mothers and Bobby Kennedy's radical approach to the issue.

Youth And The Courts

Juvenile Control Bill Eyed

The most frequently arrested of all age groups are 15-year-olds. Of offenders released from prison, roughly a third will be reimprisoned within a five-year period. The 15-17-year-olds are highest in arrests for burglary, larceny and auto theft.

These data come from the report of President Johnson's Commission on Law Enforcement and Administration of Justice. They in part indicate why the legal profession itself is deeply concerned over juvenile lawbreaking and juvenile courts.

Attorney Gen. Ramsey Clark will discuss long-range implications of the commission's report at a Washington luncheon, May 3, as part of the American Bar Association's institute on "The Changing World of Juvenile Law."

THE U.S. SUPREME COURT on May 15, 1967, handed down a landmark decision (In re Gault) which held that the 14th Amendment required the extension of constitutional rights to juvenile court judges, children must be accorded rules and procedures in most of the nation's 3,000 juvenile courts.

The court, in a decision written by Justice Abe Fortas, held that in delinquency hearings before juvenile court judges, children must be accorded the following safeguards of the Bill of Rights: (1) Timely notice of the charges against them, (2) The right to have a lawyer, if necessary court-appointed, in any case in which the alleged offender might be placed in custody, (3) The right to cross-examine complainants and other witnesses and (4) Adequate warning of the right to remain silent and of the privilege against self-incrimination.

"Neither the 14th Amendment nor the Bill of Rights is for adults only," Justice Fortas asserted. "Under our Constitution the condition of being a boy does not justify a kangaroo court."

The Court cited data showing that about half of the nation's juvenile court judges have no undergraduate degree. A fifth have no college education at all. And a fifth are not members of the bar.

The annual number of juvenile cases in the country runs about 600,000 and is rising. Fortas observed that only New York, Minnesota, and the District of Columbia provided free counsel to juvenile defendants.

THE HOUSE on Sept. 26, 1967, passed a Juvenile Delinquency Prevention and Control bill which is now before the Senate Labor and Welfare Committee. The original administration bill would have provided 25 million in grants to states for juvenile delinquency programs. The House rewrote its major provisions to provide that the funds be distributed to the states in block grants, a provision strenuously opposed by the administration.

Passage of a juvenile delinquency control bill at this session is fairly likely—with a price tag of as much as \$75 million. But the prospect of federal aid for restructuring juvenile courts is dubious at best.

DAVID LAWRENCE

Negroes Win

Is "racial segregation" a violation of the Constitution only when it is demanded by whites, but exempt from any interference when Negroes themselves favor segregation?

This is one of the questions now raised as a group of Negro students, after a 36-hour occupation of the business office of Northwestern University at Evanston, Ill., obtained what they term "complete victory."

For the university authorities have decided that the Negroes will be entitled to "segregated housing" if they want it.

Up to now, it has been assumed that neither whites nor Negroes are permitted to impose a system of segregated housing.

Federal as well as state authorities have intervened in many cases where members of the Negro race have been excluded from the sale or rental of private property owned by whites as well as from admission to universities and colleges which previously had barred Negro applicants.

SEGREGATED HOUSING theoretically could be maintained by Northwestern University, because it is a private institution. If, however, federal or state funds are made available to any private college or university, the governing authorities here have hitherto reserved the right to withhold such financial assistance until certain "guidelines" imposed by the U.S. Department of Health, Education and Welfare, barring segregation, have been fulfilled.

It may come as a surprise to many people that Negro students insisted upon segregated housing and that a university in the North has decided to give it to those students who desire it. This is what has frequently been called "freedom of choice," not only in housing but in enrollment of students in public schools.

In the case of Northwestern University, the authorities have gone even further and are providing Negro students with their own lounge and meeting room. It has been decided also to establish an advisory council composed solely of Negro members, so as to make sure that the demands of the Negro students are carried out.

Approximately 124 Negroes out of 6,400 students are enrolled at Northwestern University, and virtually all of them participated in the demonstration which closed down the university offices.

So far there has been no comment from the Department of Justice here on the Northwestern University decision to put into effect "segregated housing." It may be that the officials are searching the records to see whether there are any ways by which such a system can be maintained.

It is not likely, however, that there would be any delay if the students at Northwestern University had insisted on segregated housing for whites only. In that case, federal officials would have been able to invoke precedents of the last few years in which grants of federal funds to a private institution have been ordered withheld unless desegregation, instead of segregation, was carried out.

Indeed, one of the most interesting cases now pending before the Supreme Court of the United States is that of Girard College in Philadelphia, where more than a century ago Stephen Girard left a will in which he bequeathed a large sum of money for the establishment of a private college, with the understanding that it would be available only to "poor, white, male orphans."

The lower courts now have brushed aside the terms of the will and insisted that the representatives today of the man who was the great benefactor of the educational institution in question have no "freedom of choice" and that the college which has become the beneficiary of his funds must open its doors to all students regardless of race or sex.

THE ARGUMENT used in the Girard case is that the orphans court, which is a part of the state government, participates in the selection of trustees of the college and that this makes it a quasi-public institution.

Northwestern University not only has promised racial discrimination in order to increase Negro enrollment but is apparently willing to discriminate against those white students who might also like to live in segregated housing.

It may turn out, too, that the ruling made by Northwestern University will permit the Negro groups to discriminate against those "liberal" white students who would like to live in the same dormitory with Negro students.

In any event, the Department of Justice could find this the most interesting case of racial discrimination that has turned up since the "desegregation" decision of the Supreme Court was handed down in 1954.

Saxbe Warns Householders On Household Repair 'Gyps'

The Chamber of Commerce today relayed a warning from Atty. Gen. William B. Saxbe cautioning against contracting for household repair work with itinerant crews who usually are most active in the spring.

Saxbe pointed out that some itinerant workers are reliable and perform quality work. But others, who are in the majority, take advantage of householders' ignorance of home maintenance matters to practice deceit and downright fraud, the attorney general said.

The text of Saxbe's warning follows in part:

"Sometimes the itinerant impersonate inspectors or engineers who recommend house repairs. They claim the repairs are essential to the home in order that the insurance can be renewed. The so-called inspector just happens to know a repairman to send to make the suggested repairs.

"These itinerants are generally polite and neat in appearance. They travel in large new cars, house trailers and pickup trucks which frequently carry out-of-state license plates. Some are specialists in phony repairs. They resurface driveways. The result looks all right temporarily, but the surface never dries and the cracks are not filled.

"Paint jobs on barns, houses and roofs are inferior because the low quality paint is thinned to the point that it does not withstand water. The guarantee which goes along with the paint job is useless. By the time the homeowner discovers the inadequacy of the job, the painter is long gone and his whereabouts are unknown.

"Many Ohio citizens have been bilked by fake lightning rod repairs and installations sold by these people and by electrical wiring which the in-

spector - imposters recommend and which the repairman 'fixes.'"

"The itinerants have been known to make substantial alterations to checks given them for the work they do. Altering and uttering altered checks can be prosecuted under state law.

"The bargain hunter who looks for something for nothing keeps these people in business. Acceptance of an offer of a low price sometimes turns out to be a very high price to pay for a worthless job.

"Prudent homeowners should do business with firms or persons known to be reliable. If the workman is unknown, they should demand and verify his credentials with the Better Business Bureau or the police. People should be on guard and not act in haste. They should report suspicious or unknown individuals to police authorities.

"The larceny by trick statute can be used to prosecute frauds perpetrated by workers when trickery is used to obtain money for a worthless job. The statute relating to obtaining property or signature by false pretenses may be used to prosecute a person who obtains money fraudulently for work done if it relates to a past or present fact and not a future promise."

The Immature Husband

Dear Ann Landers: Last week I slipped in the shower and my shoulder was broken. It was 10 p.m. and my husband, Roy, was playing poker at the Elks Club.

When I telephoned him he said, "Gee, that's a shame. Take a taxi to the hospital. I'm \$60 ahead now and I'd better stay in the game and make the hospital bill."

He suggested I call my mother if I wanted "company."

Last summer when my brother cut his hand on a beer bottle, Roy fainted. I had to bind up my brother's hand and drive him to the doctor's office. When our children came down with poison ivy (they weren't very sick but they looked a mess), Roy suddenly remembered a fishing date and left town.

He didn't take me to the hospital when the children were born. With our first boy, he had what the doctor called sympathetic labor pains and was in worse shape than I was. When the second boy was born, he was out of town — 60 miles away — with car trouble.

There must be a reason for this. What is it? — WIFE OF A LITTLE BOY.

Dear Wife: Your answer appears in your signature. Roy is too immature to face unpleasantness or discomfort, so he takes a duck whenever he sees something coming. In addition to being immature, Roy is also inconsiderate, and that's a mighty unattractive combination. Lots of luck.

Fringe Benefits

Dear Ann: When people write and ask for advice you're supposed to help them, not insult them.

Your answer to Uppacrick, the secretary who didn't know

By
Ann
Landers

what to do about her fresh boss with Roman hands, was no help. You said, "Kwiteherkidin. A 23-year-old girl knows how to put an eight-handed idiot in his place — if she really wants to, that is."

Did it ever occur to you that some girls have to work for a living? They can't take a chance on offending the boss and losing their job — and maybe getting blacklisted — if he is a louse.

Before you answered that letter you should have talked to some honest-to-goodness working girls. — ONE MYSELF.

Dear One: I did talk to some honest-to-goodness secretaries. Mine.

The girls agreed unanimously that, almost without exception, the secretary who has trouble keeping her boss in line has asked for it. Also, no secretary gets pawed more than once unless she enjoys it.

Another point brought out by my secretaries was that every city has a few executives who are part-time sex maniacs and no decent girl would work for them. Good jobs are easier to find these days than good secretaries.

Matches Are Out

Dear Ann: I know you don't believe in lonely hearts clubs and neither do I, but you could do a lot of good in this world, Ann, if you would match up

some of the fine people who yearn for companionship.

You could insist that the applicants send references from a clergyman, a physician and a bank. You might even do personal interviewing in your home to make sure these people are respectable. You could match people of the same age group, religion, educational and financial backgrounds.

Just think of the lives you could change. Please say yes, Ann. — THE SHY ONE.

Dear Shy: I could change lives all right — especially MINE. All I need is a match-making operation, and in my own home yet. Playing cupid can be dangerous. I want no part of it. Everybody should find his own mate. Then he can either thank himself or kick himself.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Meeting To Advance 'Neighborhood' Plan

Plans will be advanced for a Neighborhood Council in the Toronto - Irondale - Hammondsville area during a meeting Friday at 7:30 p.m. in the Youth Harbor Basement at Toronto.

The purpose of the council will be to identify and define community problems and needs and attempt to resolve them through community involvement.

Refreshments will be served. The meeting is open to the public.

Mother, Son, 2 Daughters Die In Car-Truck Crash

CHARDON, Ohio (AP)—"Get me out. Please, help me out," a 6-year-old girl pleaded Wednesday as rescuers struggled to free her from the wreckage of a car in which her mother, brother and two sisters died.

Killed in the crash were Mrs. Wayne Johnson, 24, of Aurora; her son, John, 5, and daughters, Mary, 4, and Beverly, 3.

Another daughter, Debra, was reported in fair condition in Geauga Community Hospital with a broken collarbone and head cuts.

The tragedy occurred when Mrs. Johnson's car went out of control and swerved into the path of a truck on Ohio 87 in Newbury Township just south of here, Geauga County deputies said.

As rescuers worked to free Debra from the wreckage an unidentified woman motorist stopped and talked to the child about school in an effort to calm her.

A deputy said Debra was not crying and was probably in a state of shock.

The truck driver, Mahlon Miller Jr., 40, Burton, was not injured.

Bishop Malone New Head Of Youngstown Diocese

YOUNGSTOWN — Bishop James W. Malone, a Youngstown native who has been serving as apostolic administrator of the Catholic Diocese of Youngstown since Jan. 29, 1966, has been named to succeed the late Bishop Emmett Michael Walsh as head of the diocese.

His appointment was announced in Rome by Pope Paul VI. No date has been announced for his installation as third bishop of the diocese, which will be 25 years old next month.

BISHOP MALONE was ordained May 26, 1945, by the late Bishop James A. McFadden, first bishop of Youngstown. He assumed full authority of the diocese when the late Bishop Walsh was unable to serve because of failing health. Bishop Walsh died March 16.

Following his appointment yesterday, Bishop Malone said: "I am grateful to Pope Paul VI for the opportunity to serve as the Catholic bishop of the six counties of northeastern Ohio. To the priests, the religious and the lay people of the 117 parishes of the diocese of Youngstown, I pledge my best efforts and I ask them to pray for me. Together we shall continue to work to pattern ourselves after Christ and to deepen the ties of friendship with our neighbors."

Bishop Malone is a son of Mrs. Catherine Malone and the late James Malone, a steelworker who died in 1962. He holds master's and doctor's degrees from Catholic University of America. He was superintendent of Youngstown diocese schools from 1962 to 1965, five years after he was appointed auxiliary bishop of the diocese.

HE HAS served three terms as episcopal adviser to the Newman Federation, which serves 820,000 Catholic students in 968 non-Catholic colleges.

Bishop Malone attended all sessions of Vatican Council II, where he was in charge of dealing with newsmen. On his return to Youngstown from Rome he brought a message of renewal to clergy and laity to a series of council review days and a lay formation and education program.

The only other Youngstown resident who attained the rank of bishop in the Catholic church was the late Edward Cardinal Mooney.

Youngstown Board To Resubmit Levy

YOUNGSTOWN, Ohio (AP) — The Youngstown Board of Education decided Wednesday to resubmit a proposed 12-mill school levy at a special election June 5.

The levy was rejected Tuesday by voters, the fourth straight time it was turned down.

Court Hears Youth Change Entering Tale

LISBON — A Salem youth under consideration for probation for burglary and jailbreaking jeopardized his chances Wednesday while testifying as a state's witness in the burglary trial of Dennis D. Hunter, 18, of Salem.

Vernon Kubankin, 20, reversed a statement he had given law enforcement officers, and told a Common Pleas Court jury he was alone when he broke into Ivan's exchange in Salem March 8.

The April Grand Jury indicted Kubankin, Hunter and Charles L. Fulton of Mt. Vernon for the burglary. The first two for escape from the County Jail March 18. Kubankin requested probation Tuesday when he pleaded guilty to both charges before Judge Joel H. Sharp.

Hunter testified yesterday that he was not at Ivan's exchange March 8 — that he and Fulton had gone to Youngstown, and that Kubankin picked them up about 11 p.m. at Hunter's home.

Kubankin's story on which the state based its case was that Hunter and Fulton broke into Ivan's while Kubankin waited in Fulton's car.

On the jury are Mildred Dean and Harry G. Garvey, Salem; Edwin H. Evans, Salem; Ralph Gongaware, Beloit; Betty Jurjovic and Jane Hacker, East Palestine; Alva Webber, Ray C. Baker, Mary Densmore and Dwight Hickman, East Liverpool; Warren Steele, Wellsville, and Mildred Hart, Salineville. Charles Ewing, Wellsville, is the alternate.

Dickey Winds Up Lengthy Service With Park Board

Harold A. Dickey, a 10-year member of the Chester City Park Commission, resigned during a meeting Wednesday night in the park building.

Dickey, who has served nine years as chairman, said the "pressures of business don't allow time for other activities." He will remain as an honorary member. A replacement has not been named.

Proceeds from a teen dance this Saturday will be used for a fund for a play area in the park.

Lester Kirschler, chairman, said the goal is \$4,000. He said the amount may not be reached this year and the commission may have to borrow funds to get the project under way. The "Arks" will perform for dancing.

Seesaws will be made for the playground. All interested residents are invited to attend a work session May 19 at 2 p.m. to prepare the park for summer use, Kirschler said. "Trucks, a highlift and workers are needed," he added. Because much of the beach is going to be leveled, Kirschler said anyone needing fill dirt may contact him.

James McGowan, president, and other officers of the executive board were reelected at the annual meeting of the United Fund Wednesday night at the YMCA.

The officers include John Thompson, first vice president; Sidney Porter, second vice president; Ed Monier, secretary, and Jack Allison, treasurer.

Final reports on the 1967-68 campaign indicated \$124,000 had been obtained. Inability of some contributors to meet expected funds resulted in the final figure, compared to the goal of \$125,000 which was oversubscribed in November.

Taken under study were requests from the Ohio Citizens Council for Health and Welfare, the United Seamen's Service, WAF, and the Council on Social Work Education to join the UF.

It was announced budget forms for agencies will be mailed by May 20 and are to be returned by June 20. The budget committee will meet to set allocations and establish a goal for the 1968-69 drive.

The meeting was adjourned to August.

In addition to covering all county figures, the Election Board also will make the official canvass covering the 18th Congressional District and the 30th State Senatorial District.

Driver Cited After Mishap Near Lisbon

A Lisbon youth was charged with failure to stop within the assured clear distance following a three-car mishap near Lisbon Wednesday at 7:30 p.m.

Cited by the Ohio Highway Patrol at Lisbon was Carl R. Andric, 18, of 322 W. Market St., whose southbound 1965 sedan rammed a halted 1968 sedan a half-mile north of Lisbon.

Officers said the 1968 sedan operated by Kenneth J. Floding, 30, of Salem had stopped behind a 1966 model auto, driven by Guy A. Deltempo, 40, of Salem, which was attempting a left turn from Route 45.

The Floding auto was forced into the rear of the Deltempo car by the force of the impact, officers reported. The Floding and Andric cars were damaged heavily and the Deltempo car received minor damages, according to the patrol.

Toni Marie Macry, 16, daughter of Francis Macry of Walnut St., Leetonia, a passenger in the Andric car, was treated at Salem City Hospital for injuries of the nose.

All three drivers complained of injuries but were not treated, officers reported.

Council Plans Dedication Of Midland Tennis Courts

Midland Council Wednesday night outlined plans for the dedication of the new \$30,000 tennis courts on June 1.

A special program will be held, including a professional tennis demonstration.

An electric timer has been purchased for the court lights. The lights will be turned on manually and will automatically go out at 10 p.m. The timer has been ordered and will be installed as soon as it arrives.

BENCHES will be built for the spectators. Trash cans will be supplied.

Court signs will be made and installed by Len Szfaryn, Beaver County recreation director. An attendant will be hired to manage the courts in the early part of the season.

Councilmen will meet May 18 at 7 p.m. to go over applications and hire swimming pool personnel. Friday at 4 p.m. is the deadline for applications for summer work at the Veterans Memorial Swimming Pool. William Vinovich Sr., council president, is chairman of the pool committee.

RAYMOND Presutti, vice president, presided in the absence of Vinovich, who was working.

A letter from the State Department of Highways again affirmed that Route 68 repaving to the Ohio State line cannot be accomplished budgetwise until the summer of 1969. The letter was signed by W. S. Stephens, District highway engineer at Greentree.

Council had requested earlier action because of additional

heavy traffic on the road since the rerouting of Chester Bridge traffic through Midland.

COUNCIL granted permission to the Midland Area Girl Scout Association to conduct lifesaving courses for Girl Scouts at the swimming pool the week of June 10 or June 17. The scouts will be working for lifesaving badges. Mrs. William Monac of 8th St. and Mrs. Ivan Francis of Virginia Ave. presented the request.

Donald Bartram of Michael Baker Jr., Inc., reported that the Pennsylvania Department of Highways said liquid fuel funds will be available to pay for cleaning and inspecting a 72-inch storm sewer under Crucible property.

Officers' reports were accepted. Bills paid totaled \$14,058. It was agreed that councilmen may attend a meeting of the Beaver County Boroughs Association May 27 at the Holiday Inn at Big Beaver.

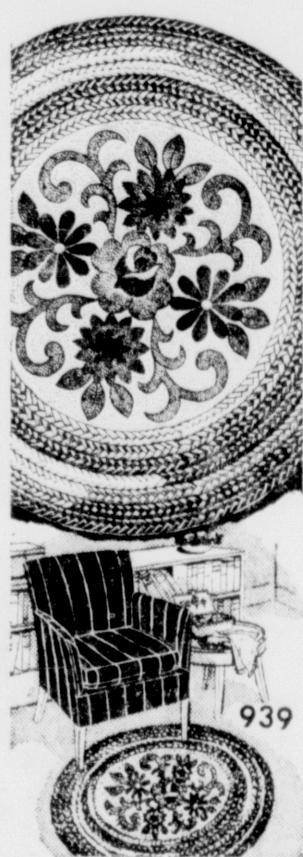

Council will meet May 22 at 8 p.m.

Will Attend Rally

A delegation from Midland World War I Barracks 2119 will attend a district meeting Sunday at the White Oak Veterans Hall in McKeesport, Pa. Leo Payne is commander.

After Rainey Resigns

New Cumberland Names Chaney Water Director

NEW CUMBERLAND — The resignation of Gerald Rainey, water supervisor, effective July 1, was announced at this week's Council meeting.

Mayor Arthur Watson appointed Ralph Chaney to succeed Rainey at a salary of \$150 a month.

Watson announced that State Route 2 will be paved through the city and that Thomas Donovan, a member of the water and sewage board, will be supervisor of the paving. Raising of the storm sewers along Route 2 has been added to the project.

A letter was received by the mayor from the West Virginia Road Commission pointing out it will assume responsibility for the school marking signs and the school crosswalks here. The mayor then read a citation issued to him by the Department of Labor regarding the danger created by a pool of raw sewage at the rear of 1202 Ridge Ave.

The SRC gave the city permission to use the road right-of-way to lay a new portion of water line on Hardins Run Rd. if it is necessary. Cam Fisher reported a bad break in the line had been located and said repairs will be made as quickly as possible.

Councilman Lawrence Andrews read a letter forwarded to him by Sen. Robert C. Byrd from the Army Corps of Engineers regarding possible liability for damages done to its sewer system. The letter said a more extensive study will be made. Mayor Watson asked Andrews to contact the corps

Ohioans Urged To Participate In Show Flag Week

COLUMBUS, Ohio (AP)—All Ohioans were urged by Gov. James A. Rhodes today to participate in "Show the Flag Week" as a demonstration of "patriotism and unity for peace with honor."

The special week begins Friday. The governor's office said it "is a completely nonpartisan, non-issue program calling upon all citizens to fly the American flag at their homes and business places to show that American strength and determination will be maintained in the face of all adversity."

The "Show the Flag Week," Gov. Rhodes said, coincides with scheduled Paris peace talks aimed at ending the war in Vietnam, and "the flying of the colors can be supported by doves and hawks alike for it is simply a sign of one's strong belief in America and American principles."

Meyerbeer's opera, "The Huguenots," is rarely performed because it requires such a large cast.

HINTS FROM HELOISE

Stockings In Pocketbook

DEAR HELOISE: Like most women, I carry change in my billfold. So I use the cloth coin purse in my pocketbook to carry an extra stocking or even a pair of stockings the same shade I'm wearing that day.

Heloise

In this way, I'm always prepared for any emergency, be it snag or run. Great for working girls.

MRS. M. L.

DEAR HELOISE: We have a travel trailer and there's not a convenient place in the small bathroom to put a toilet tissue holder. So I got the idea of using a plumber's helper.

I painted the handle to match the room. Then put the new rolls of paper on first—right in their wrappers. At the top I placed an open roll where it is handy.

Makes a useful decoration as well as a conversation piece, too!

RUTH FERRY.

Ruth, you're an honest to goodness angel for sending us this clever hint. Just think of the thousands of trailer own-

ers and home owners with tiny half-baths, etc., who have been at their wits end to find a place for those rolls.

We all send you a big hug for this whopper.

HELOISE.

DEAR HELOISE: While in the hospital recently, I noticed that an elderly woman in a high-back wheel chair was unable to keep her pillow in place behind her.

The nurse had to replace it so often that I finally suggested to her that one side of the pillowcase be put over the back of the chair. This way the pillow stays put instead of constantly falling to the floor.

Of course, a pillowcase may not fit over the back of some wheel chairs but it sure did on this one.

STELLA STALEY.

DEAR HELOISE: I love to save recipes, complete with full page illustrations which I clip from magazines and newspapers. The one problem with this is, they always clutter up the drawer and I can never find anything I want when I need it.

To solve this problem I converted a deep kitchen drawer into a recipe filing cabinet. I trimmed manila folders down

to fit the drawer and added clear plastic index tabs.

As well as the usual headings, I also included "Party and Holiday," "World Cookery" and "Miscellaneous Cook Books." The latter took care of the many little booklets and pamphlets one collects.

Now I really feel organized!

BETTIE JORDAN.

DEAR HELOISE: I do a lot of crocheting and usually have a lot of different colors of thread left, but not enough of any one color to make large articles.

Instead of throwing the thread away, I buy round asbestos dish pads at the dime store and crochet covers in a rosette design.

They make such pretty little hang-ups for the kitchen wall and are so nice to give away as little gifts.

CHELSEA MORELAN

DEAR HELOISE: After celebrating our 48th wedding anniversary, a friend asked how we had managed to keep it going so long. So I told him it had been very easy because of an understanding before marriage.

We had agreed that my wife would make all the small decisions and that I would make all the big ones... and up to today there had never been any big decisions to make.

WISE OLD CHARLEY.

DEAR HELOISE: I recently found that by standing my whole stuffed bell peppers in a tube pan it eliminates not having enough height for the peppers and also keeps them from falling over. I use a piece of foil for the cover.

MRS. W. F. HOWARD.

DEAR HELOISE: I use a skirt hanger to store my long, willowy, knee length boots on. Neat idea eh?

HELEN CRAVER.

Mozart began composing symphonies when he was eight years old. He composed his first opera, "La Finta Semplice," when he was 12.

'Model Cities' Move Studied

East Liverpool officials are thinking of making application to have the municipality included in the federal government's "model cities" program, which would have the effect of raising the ratio of U. S. funds available for approved projects, Don Eckert, planning coordinator, said today.

Eckert said he conferred at Columbus on the proposal earlier this week with Carroll V. Hill, head of the consulting firm of Carroll V. Hill & Associates which is preparing the city's "master plan." If the city is certified for the "model cities" program, the federal government would pay 80 per cent of the cost of future projects, with the city contributing 20 per cent. The present breakdown calls for 66 per cent of the cost to come from the federal government and 33 per cent from local funds.

Eckert said he also learned that the city will be required to file new applications for two programs it sought previously—state aid for construction of a riverfront marina in East End and federal help on a so-called transportation demonstration program in which, in effect, it would receive a U. S. subsidy for a modernized public transportation system.

He discussed the marina project with the Division of Watercraft of the Ohio Department of Natural Resources and talked over the transportation project with Hill.

Eckert said he is reviewing available federal programs with the idea of seeking projects which would benefit East Liverpool and would be within its financial capabilities.

A scale model of proposed renovation of the central business district is scheduled to be delivered here in a week or so by the Hill concern. It will be displayed first in the main corridor at City Hall and then moved to other prominent locations in the community.

League Will Meet
LISBON — Officers will be elected when the Wayne Home and School League meets May 21 at the school. Parents of the younger children especially are urged to attend in order to keep the league functioning.

Jim Hunter's Perfect Game First In AL Since 1922

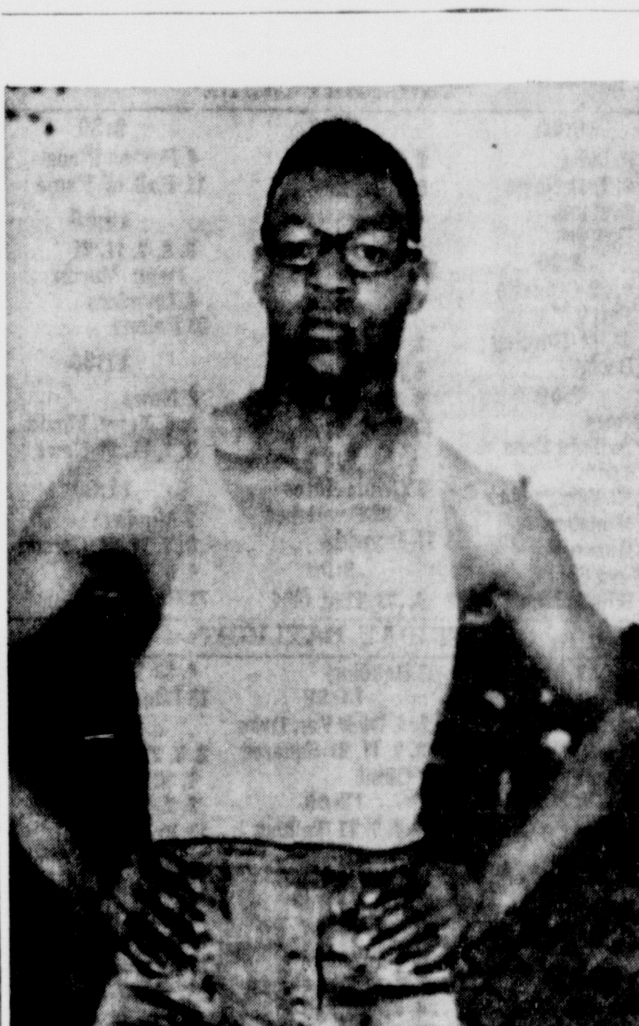

HAPPY HUNTER. Jim (Catfish) Hunter of the Oakland A's is shown after pitching a perfect game against the Minnesota Twins in Oakland last night. It was the first regular-season American League perfect game since 1922. (UPI Telephoto)

By HAL BOCK
Associated Press Sports Writer
It has been an adventuresome 22 years for Jim "Catfish" Hunter who pitched his way out of Hertford, N.C., and into the record book with the ninth perfect game in modern baseball history Wednesday night.
Hunter drove in three runs with a pair of singles and mowed down 27 straight Minnesota hitters for the second no-hitter of the young baseball season, beating the Twins 4-0.
It was the first regular season perfect game in 46 years in the American League and it's a cinch it was the first masterpiece hurled by a pitcher with only nine toes.
Hunter, who pocketed \$75,000 of Charlie Finley bonus money in 1964, lost the big toe on his right foot in a hunting accident in November, 1963. Shortly after signing with the A's, who still were in Kansas City then, Hunter was hospitalized to have shotgun pellets removed from his foot.
The operation slowed his progress and at one point the A's considered dropping the young right-hander but the big bonus investment convinced them to stick with him and he came through handsomely.
Wednesday's masterpiece against the Twins might have shaken most young pitchers. But not Catfish. He'd been this route before.
In 1963, Hunter threw another perfect game—for Perquimans County High School back in Hertford, N.C. Wednesday's

Minnesota Victim

gem came in the Oakland Coliseum, 2,580 miles from Perquimans County. It's understandable why Catfish had to spell the name of the school five times to newsmen. After all, they must have been nervous. Few had seen any perfect games before.
In other American League games Wednesday, Detroit dropped Baltimore 3-1, Boston took Washington 3-1, California nipped Chicago 3-2 and New York edged Cleveland 2-1.
Hunter, who got his nickname from his parents after he ran away from home when he was a youngster and returned with two catfish, earned an immediate \$5,000 raise from Finley for his perfect game.
The last American League pitcher to hurl a perfect game was Don Larsen, who did it for the New York Yankees against Brooklyn in the 1956 World Series. Before that in the American League, you have to go back to Charlie Robertson, who did it for the Chicago White Sox against Detroit April 30, 1922.
More recently there have been Jim Bunning for Philadelphia in 1964 and Sandy Koufax for the Los Angeles Dodgers in 1965.
Catfish was also the batting star for the A's, driving in three of their four runs. He struck out

11 and finished with a flourish, fanning Rich Reese after the pinch hitter had fouled off five straight pitches.
Jim Northrup hammered his fifth home run of the year and made a clutch catch shutting off a Baltimore rally in the eighth inning as the Tigers beat the Orioles.
Northrup's diving catch of Brooks Robinson's liner ended a bases-loaded threat in the Orioles' eighth. Jon Warden pitched out of a tight ninth inning jam to nail down the victory for Earl Wilson.
Washington dropped its sixth straight when Boston pushed over a pair of eighth-inning runs on a pinch single by Jerry Adair and Carl Yastrzemski's sacrifice fly.
Don Mincher's sixth inning homer carried California past Chicago as Clyde Wright won his second game. Luis Aparicio had a two-run homer for the White Sox.
Andy Kosko doubled and Jake Gibbs singled him home with New York's winning run against Cleveland. The game was marked by a near free-for-all fight when Indians' first baseman Tony Horton and Yankee shortstop Gene Michael exchanged punches in the fifth inning.
The Oakland A's downed Minnesota 4-0.
It was the ninth perfect nine-inning regular season in baseball since 1880.
A's owner Charles Finley called Hunter on the clubhouse phone and told him:
"I just lost \$5,000 on that game."
"Who won it?" asked Hunter.
"You did," replied Finley.
"I'm tearing up your contract and giving you one for \$5,000 more."

Sports Whirled

By TURK PIERCE
Review Sports Editor

The levy to keep sports going in Youngstown schools failed to pass Tuesday, which is certainly a shame—in fact, almost can be called a crime.
For the past season, coaches have donated their services, but will not do so again—and who can blame them. Families who have good underclass athletes are preparing to move to the suburbs so their children can display their talent and perhaps land a college scholarship. But the families who need the scholarships most, whose children would have no thought of college except for an athletic scholarship, cannot afford to move to the suburbs, and the potential athletes will be left with nowhere to showcase their talents, and with time on their hands. Some will undoubtedly turn to crime, out of sheer boredom, if nothing else. Then more money will be needed for law enforcement agencies, and the people who thought they were saving money by doing away with athletics will be back where they started.
In an effort to combat the problems, school officials say they will run the schools as normal, including athletics with paid coaches, and then shut the schools down entirely when the money runs out. This is estimated to be in December, and another levy will be put before the public in the fall election.

HAVING PREVIOUSLY lived only in Pennsylvania and New York, it is inconceivable to me that high school athletics should depend on the whim of the voting public, one of the most fickle bodies known to man. Training of the body is as important as training of the mind, and for some people, athletic prowess is the only way they can further their education by means of college attendance.

Reaping benefits from the failure of the levy to pass are the suburban schools, who are expected to welcome some outstanding athletes, and the Catholic schools, Cardinal Mooney and Ursuline. The Catholic schools have said that they will take only a limited number of those who wish to transfer from the public schools, however. And they don't help the poor, non-Catholic athlete.

The levy failure will cause some problems at East Liverpool, also. The Potters were scheduled to play Woodrow Wilson in football, and now may have to find a replacement or play a nine-game schedule again. East and South were also on next year's basketball schedule, not yet completed. Many schools are in the same boat, so there will be plenty of open dates popping up that may be matched.

JIM MURRAY of the L.A. Times, one of the quickest men with a quip anywhere, comments on the problem of low scoring in U.S. soccer thusly: "Scoring at will, Los Angeles trounced Toronto 1-0..."

AMERICAN LEAGUE umpire Hank Soar, a former football player with the New York Giants, must be as tough as they come. Soar recently was X-rayed and it was discovered that he suffered a broken pelvis and hip while playing for the Giants, but regarded it as a minor hurt at the time. A complete X-ray examination disclosed 11 fractures of which Soar was not aware.

DAVE VANLIER, star football and basketball player at Midland, has accepted a football scholarship to Iowa State University at Ames.

United Local Golfers defeated West Branch at Robyns' Knolls yesterday 7-2.
Larry Kibler of the Golden Eagles was medalist with a 39.

Williams, Walker 1st For Leopards

A come-from-behind win in the mile relay, the last event, gave Beaver a 57-55 edge over New Brighton and a win in the 16th Annual Midland Invitational Track Meet last night.

The Bobcats had a one-point lead going into the event, and were in the same heat as New Brighton. Steve Smith trailed going into the final turn, but made up the ground to win by less than a yard and ensure the title. Rochester got 46 points, Western Beaver and Freedom 23 each and Midland 21.

Two meet records were broken. Dave Repp of Rochester did a 13-0 pole vault, breaking the 11-9 mark set by Jim Good last year. Good did 12-6 this year. Virgil Kinkopf of Beaver, the meet's only double winner, set a record by doing a 51-0 in the 440, shaving 25 seconds off the mark set by Art Brown of Beaver in 1963.

Roy Walker of Midland won the 100-yard dash but was disqualified from the 220 because of two false starts. Anthony Williams of the Leopards took the 120-low hurdles. The two combined with Elbert (Bub) Bynum and Ken Williams to win the 880-yard relay.

Western Beaver's winners were Mike Lacey in the shot and Dave Grimm in the two-mile. Ron Albaker was second to Grimm. Dwayne Cooper took thirds in the low hurdles and high jump.

Bob Newman of New Brighton was the meet's high scorer, taking first in the long jump and second in the 100 and 220.

The meet was sponsored by American Legion Post 481. A trophy for the winning team was donated by Castelli's Jewelry Store of Midland.

Summary:

220—Virgil Kinkopf (B), Newman (NB), Passavant (F), A. Williams (M), Decker (F): 22.95

Pirates Win In 14th

By DICK COUCH
Associated Press Sports Writer

Luman Harris watched four right arms overpower the Atlanta Braves... and couldn't believe his eyes.

"Everybody looks like Lefty Grove against us," the Braves' skipper said Wednesday night after his club dropped a 4-3, 14-inning decision to the Pittsburgh Pirates. "We get three runs in the first inning and I don't see us get anybody else on base for the next three hours."

Right-handers Steve Blass, Dave Wickersham, Ron Kline and Elroy Face threw blanks at Atlanta after the Braves pushed over three unearned first inning runs. Roberto Clemente's sacrifice fly in the 14th finally won it for the Pirates, who have played six one-run ball games in their last seven starts.

Elsewhere, San Francisco trimmed Houston 3-1. St. Louis topped the New York Mets 2-0. Philadelphia downed Cincinnati 6-2 and the Chicago Cubs edged Los Angeles 7-6.

Pinch hitter Gary Kolb opened the Pirates' 14th by drawing a walk from Atlanta reliever Cecil Upshaw. Maury Wells forced Kolb, Matty Alou beat out an infield hit and the pair pulled off a double steal before Wells scored the tie-breaking run on Clemente's fly to right.

The Pirates had tied it with two runs in the eighth, capitalizing on two wild pitches by Atlanta starter Phil Niekro and a throwing error by catcher Marty Martinez.

Kline limited the Braves to one hit from the ninth through the 13th and earned the victory, with Face pitching the final inning. Blass allowed three hits before going out for a pinch hitter in the sixth and Wickersham followed up with two scoreless innings.

San Francisco's Ray Sadecki held the Astros hitless until Jim Wynn homered with two out in the seventh, then doubled to start a two-run ninth inning burst that broke a 1-1 deadlock. Willie Mays' single delivered the go-ahead run and another

scored on Willie McCovey's sacrifice fly.

The Cardinals blanked the Mets behind the four-hit pitching of Steve Carlton, who drove in the only run he needed with a third inning single.

Greg Goosen's single and Jerry Grote's double got Carlton in trouble in the seventh, but third baseman Mike Shannon speared

YOUR CAR

By Al Green

ANY OF THE MILD TRANQUILIZERS ON THE market can make driving dangerous if they are taken in large doses, or in combination with other prescription drugs or alcohol. Don't drive after taking pills!

INERTIA REELS WILL SOON BE ON all new cars. They roll up belts when not in use (right hand side too!), allow one freedom of movement while wearing belt, but lock tightly in case of a sudden jolt.

PEDESTRIANS AND OTHER DRIVERS may make mistakes or violate laws that set up an accident-producing situation. Be ready to slow down or take evasive action to keep yourself out of a wreck!

DEATHLY DRIVING BLUNDER NO. 45: Don't worry about running through an amber light, isn't that what it is there for!

MOST MEN WANT TO KNOW WHO IS WORKING on their car, they are critical when it comes to auto repairs. We like that kind of customer here at M & A MOTORS DODGE. Our expert, well qualified mechanics are reliable, quick and friendly. Stop in soon and see! A TEENAGER ASKED A FAMOUS RACE driver how to learn to design race cars. The driver urged the lad to get a college education in basic physics and engineering as applied to automotive design and mechanics. Today racing is a technical, highly skilled operation! MAKE A CONSCIOUS EFFORT TO OBEY all traffic laws, today!

Yanks Beat Indians; Michael, Horton Fight

By JACK HAND
Associated Press Sports Writer
NEW YORK (AP) — It was the most exciting day at Yankee Stadium since somebody stepped on Joe Pepitone's haircut last summer.

In the first heavyweight bout of the outdoor season, Gene Michael, 6-foot-2, 182 and Tony Horton, 6-3, 210, went two fast rounds to a decision Wednesday afternoon.

The decision was made by the umpire. He threw both out of the game.

Cleveland led New York 1-0 in the fifth inning and Michael of the Yankees was on first with two gone.

After an attempt to pick off Michael, there was bunting at the bag. Suddenly, Michael threw a right hand punch toward Horton, the Cleveland first baseman.

In an instant the field was swarming with players. Even the bullpen crews ran in. As they separated the two combatants, Michael pulled away and threw another long right hand. He wrestled heatedly with Coach Whitey Ford, who was trying to drag him out of the battle area.

Somebody lowered the boom on Michael but he said he wasn't sure who did it.

"He (Horton) thought I came on him hard and tried to push me off the bag," said Michael. "It was a spur of the minute thing. I got hit while we were in the pile. Whitey took one on the forehead."

"Maybe it shook us up. It could be a good thing. At least we won."

The Indians weren't so sure. After losing a tough 2-1 game and seeing their six-game winning streak snapped.

"We lost one of our best hitters (.273) and they lost only Michael (.163)," said one Indian.

Horton had only a "no comment" to offer in the clubhouse.

Alvin Dark, the Indians' manager, said, "Tony tried to catch the throw and stumbled into him. I guess the kid thought he was trying to push him off."

Dark was more concerned about a decision by the umpires in the ninth. Jose Cardenal grounded to pitcher Joe Verbanic with a man on first and none out. Verbanic's wide throw to the foul side of first base was dropped by first baseman Mickey Mantle but Cardenal was called out because he ran on the inside of the foul line.

The Yanks finally won in the ninth on Andy Kosco's double and Jake Gibbs' single.

Although Bill Monbouquette allowed only two hits in seven innings, he was lifted for a pinch hitter in the seventh and the victory went to Verbanic.

Eddie Fisher, last of four Cleveland pitchers, was the loser. Starter Steve Garvey pitched shutout ball for five innings.

NBA Completes Draft, Don May Picked By NY

NEW YORK (AP) — There will be no bonus war over the three UCLA seniors drafted by the pro basketball leagues this year, but that certainly won't be the situation with at least one UCLA player next year.

Mike Warren, Mike Lynn and Edgar Lacey all were drafted by teams in only one of the leagues.

Warren, drafted by Los Angeles of the American Basketball Association Sunday, was by-passed in the National Basketball Association draft Wednesday.

Lynn and Lacey, on the other hand, were ignored by the ABA but selected in the NBA lottery, Lynn by Chicago and Lacey by San Francisco, both in the fourth round.

Next year, of course, the big battle will be a certain first-round choice in both leagues — UCLA's Lew Alcindor, a two-time All-American.

Alcindor should command the largest bonus ever paid a rookie, possibly twice as much as this year's top bonus, which already has been paid to either Elvin Hayes of Houston, the College Player-of-the-Year, or Westley Unseld of Louisville.

Hayes was drafted by San Diego of the NBA and Houston of the ABA and wound up signing with San Diego for a reported \$440,000 for four years.

Unseld, picked by Baltimore of the NBA and Kentucky of the ABA, joined Baltimore for what the Bullets said would be the most money paid a rookie this year. Estimates stopped short of \$500,000.

The NBA, which made its first-round choices last month, completed its draft with 11 more rounds Wednesday. The ABA waded through 15 rounds Sunday.

The first pick in the NBA's second round was John Trapp, a 6-foot-7 forward from Nevada

Southern, taken by San Diego, and the last was Bill Davis of Arizona, by Phoenix.

In between were such selections as All-American Larry Miller of North Carolina, by Philadelphia; Little All-Americans Larry Newbold of Long Island, by Detroit, and Henry Logan of Western Carolina, by Seattle; and Don May of Dayton, Most Valuable Player in the National Invitation Tournament, by New York.

Miller, however, already has been announced as signed by Los Angeles of the ABA.

Newbold also was drafted by Pittsburgh of the ABA while Indiana selected May and Oakland named Logan.

Rubin Denies Piper Shift To New York

PITTSBURGH (AP) — The Pittsburgh Pipers won't move to New York, says owner Gabe Rubin, but they could go somewhere else.

Rubin said Wednesday the Pipers, who won the American Basketball Association championship this year, have received attractive invitations from other cities.

The Pipers drew only 3,000 to 3,500 fans at home games during the league's first season.

Reports that Rubin was trying to move the club to New York set off a jurisdiction squabble between Rubin and the New Jersey Americans at the ABA annual meeting in Minneapolis.

Arthur Brown, owner of the Americans, said a Piper move to New York would violate the ABA's by-laws which prohibit a club from moving to within 100 miles of another club.

Derby Result Unknown Pending Hearing Monday

By LARRY ELDRIDGE
Associated Press Sports Writer

BOSTON (AP) — Dancer's Image is being pointed for the Preakness, but whether he runs still hinges on the outcome of next week's hearing into the colt's disqualification from first place in the Kentucky Derby.

Owner Peter Fuller says he has decided to go ahead with preparations after being told trainer Lou Cavalari could handle pre-race conditioning for Dancer's Image pending the outcome of the hearing.

Fuller still insists, however, that he'll pull the colt out of the \$150,000 race, second jewel in racing's Triple Crown, unless Cavalari is permitted to saddle him.

"He'll either go into the paddock with me and my wife on May 18 or the horse won't run," Fuller said Wednesday night. "They're an indivisible team. They're both champions."

The hearing, scheduled for Monday, concerns the discovery of traces of the pain-killing drug phenylbutazone in a post-race urinalysis.

Cavalari has steadfastly denied that he or any member of his crew administered the drug to the sore-legged colt any time after the previous Sunday — six days before the Derby and ample time, according to the trainer, so that it should have cleared his system and couldn't have affected his performance.

Dancer's Image won the Derby last Saturday by 1½ lengths over Calumet Farm's Forward Pass, but the disqualification was announced Tuesday when the results of the urinalysis were learned.

Fuller told heart Wednesday, however, when Kentucky racing officials said no purse money could be distributed until after next week's hearing.

"Right now there is no winner of the 94th Kentucky Derby," he said. "Of course, you and I know my horse won it by a length and a half."

Ed Olkowski Predicts Midland In Contention

"Midland will possibly be the 'sleeper' in the section and with a few breaks, if our boys work hard and together, we could make it a very close race and could finish on top with all the marbles!" stated Ed Olkowski, head Midland basketball coach, at a meeting of the Midland TOPS Sports Club at the St. Anthony Club Tuesday night.

He said next year's team should command respect from the other teams in the section, since Midland will have several boys coming back with varsity experience and will add a couple boys from junior high that will give much needed height.

Olkowski said the 1968 team did a fine job because only one boy on the squad had varsity experience. "The team pulled two surprising upsets in beating Freedom and then Beaver in the first two league games; this kept the section close until the final few weeks," Olkowski echoed coach Joe Hamilton's words of the previous meeting when he stated he also was having a tough time getting basketball games since Midland was changed to a "B" school. He said he had to contact over 25 schools to get one game. Butler

Bill Booth League

All boys interested in playing in the Bill Booth Football Little League this fall are asked to register before May 24.

side Falcons, the East End Red Devils, the Glenmoor Rams, St. Aloysius, Calcutta Cardinals and West End Wildcats. Even boys who played little league football last year are asked to re-register, due to the reorganization of the league.

Have You Played Little League Football Before? What Team?

(Applications should be mailed to Bill Booth Little League, P. O. Box 598, East Liverpool. Deadline is May 24.)

Zamberlan, who hails from

2 IN MEMORIAM

IN loving memory of our dearly
loved wife and mother, STELLA
COLLINS, who departed this life
May 9, 1967. A light from our
household is gone. A voice we
loved is stilled. A place is vacant
in our home. That never can be
filled. Some may think you are
forgotten. Though on earth you
are no more. But in memory you
are with us. As you always were
before.

Sadly missed by all her family.

IN loving memory of Ed Green

On a rainy afternoon
On a sunny summer day
I will remember you
In the shadows of the wood
On the path along the way.

Memories start in a shiny silver
brook
In the pattern of the flower
I see you everywhere
Every season, every year
I'll spend many lonely hours
Just in missing you.

I miss you.

IN memory of Stella Collins, who

passed away May 9, 1967.
Gone dear Grandmother, gone to
rest. For all of your loved ones
you did your best. Oh how we
loved you. Oh how we missed you.
We're there when you closed
your eyes. You shared our joys,
our sorrows, our tears. I've
lost the dearest friend I've
ever had. Oh to see your face
again. I miss you.

EVERYONE, if you have a grand-
mother give her lots of love. Be-
cause you will really miss her
when you know she isn't there.
Granddaughter, Betty Jane

Junior Editors Quiz on COWS

QUESTION: Is it true that cows have four stomachs?

ANSWER: Cows, along with goats, deer, sheep and others, are ruminants — grazing animals having a remarkable digestive system with four stomach cavities. Ruminants grab bites of grass and swallow them with little chewing. The food goes into cavity (1), the rumen, where bacteria begin to break down the hard cellulose walls of the plants. Next, the food goes to the reticulum, cavity (2), where it is turned into balls called cuds. Now the animal lies down in some sheltered spot. Here, the cuds are passed up into the mouth to be thoroughly chewed. The cuds are broken down as the cow's lower molar teeth revolve against the hard gum above in a grinding action. Then, the softened food passes through the two other stomach cavities, the omasum (3) and the abomasum (4) and finally into the intestines where it is digested and passed into the blood stream to furnish nourishment to the animal.

Richard Greenlaw of Wiscasset, Me., wins a prize for this question. You can win \$10 cash plus AP's World Yearbook if your question, mailed on a postcard to Junior Editors in care of The Review, is selected for a prize.
